

APPLICATION FORM

CATEGORY „FEMALE INNOVATORS “

Applications for the 2023 Net-Zero Industries Award in the Category “Female Innovators” are invited from **women¹ who are driving the change towards a net-zero industry** and are **ambassadors for all women currently working on innovative solutions for industrial decarbonisation** and for younger women who want to start their careers.

Their work should be linked to the goal of [Mission Innovation Net-Zero Industries](#) to catalyse the development and demonstration of cost competitive solutions for the efficient decarbonisation of hard-to-abate energy intensive industries worldwide by 2030.

The deadline for submission of applications is **30 September 2023**.

The official language for the application is **English**.

Applications must be submitted by [online](#) and must include:

- Application Form for the Category “Female Innovators”
- Curriculum Vitae including publication list of the candidate (in total max. 3 pages)
- Copy of the document related to the applicant’s highest academic title received

If you are submitting more than three documents, they must be combined into one file (e.g. pdf) or into a zip-folder.

The Maximum file size of all uploads must not exceed 230 MB.

1. Personal Information

[Submitting Person \(Title, First Name, Last Name\)](#)

[Highest educational qualification \(awarding institution, field/discipline, year of graduation, degree/diploma\)](#)

¹ This award celebrates women in all their diversity. The word 'woman' equates to a cis woman, or a transgender woman who is legally defined as a woman.

Current professional appointment, if applicable (employing institution, country, position, starting date)

Areas of specialization (max. 300 characters)

Years of relevant professional experience

2. Describe your achievements

Please write 1.000 characters per question at maximum.

Please describe how you have contributed to a groundbreaking and pioneering innovation to decarbonize energy-intensive industry in your career. Include the challenges you have faced and overcome, highlighting what you consider to be the greatest successes.

Please describe how your work addresses a real need or challenge that has significant benefits for decarbonizing energy-intensive industries. Demonstrate what impact your work has had locally, regionally and/or internationally. If available, please support your answer with numerical data such as performance measures and indicators.

Please describe why you are an inspirational leader and how you have personally played a crucial role in the success of innovations for industrial decarbonization. Explain why you consider yourself a role model who inspires and empowers other women and girls.

3. Outreach, memberships & recognitions

Please write 1,000 characters per question at maximum.

Describe your experience as a supervisor or mentor, e.g., detailing the number of students/young professionals supervised/mentored, chair of working groups and specific impact. Include any evidence of activities to promote women.

List any achievements in terms of awards, grants, memberships, patents, if applicable (including dates)

List any press reports and additional links about you/ your projects, etc., if applicable

4. Photos, brochures, reference letters and other accompanying data files

Please list the accompanying documents you want to provide and add:
Image/document title, format, for images: resolution in dpi (min. 300 dpi), content (keywords)

I confirm that, quoting the above-mentioned credits, the Net-Zero Industries Mission is allowed to use the attached picture(s) free of charge and without restrictions.

Thank you for participating in the 2023 Net-Zero Industries Award!

The call for submissions is open until September 30th, 2023. After the evaluation of all submissions by a qualified jury of experts, we will get in touch with you to notify you about the results. If you have any further questions, please do not hesitate to contact us!

Best regards,
Catrin Haider
